DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-16, 19-25, 26-27, drawn to a method of selecting one or more colors and system having a plurality of computer executable steps to implement and control a color selection, classified in class 705, subclass 1. Note in the system claim 26, element (6) is an option.
 - II. Claims 17-18, drawn to a method of marketing color, including contract with associated costs and terms, classified in class 705, subclass 10.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions II and I are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because it's a marketing method which requires different steps such as providing a contract involved costs and terms and train someone to execute a selection of color wherein the selection of the color is not critical. The subcombination has separate utility such as merely selecting a color and has nothing to do with marketing or contract or cost and terms.

Art Unit: 3629

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

4. A telephone call was made to the office of Applicant's Attorney on 12/23/04 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 3629

5. See MPEP 203.08. The Tech Center clerical receptionist number is (703) 308-1113 or <http://pair-direct@uspto.gov>

In receiving an Office Action, it becomes apparent that certain documents are missing, e. g. copies of references, Forms PTO 1449, PTO-892, etc., requests for copies should be directed to Tech Center 3600 Customer Service at (703) 306-5771, or e-mail CustomerService3600@uspto.gov.

Any inquiry concerning the merits of the examination of the application should be directed to Dean Tan Nguyen at telephone number (703) 308-2053. My work schedule is normally Monday through Friday from 7:00 am through 4:30 pm.
